Design Science - 6 - Design a service 1 h 17 m 47 s

Créé le 23 Décembre 2020 à 11h51

Goods and services can be viewed as supporting human activities and a design process can be considered as a transformation of a user activity system. Under this ability to contribute to an activity, goods (products) and services are compared.

Design Science - 5 - Design a product 1 h 8 m 43 s

Créé le 13 Décembre 2020 à 18h25

75 vues

Design Science - 4 - Non-conventional requirements engineering 33 m 55 s

Créé le 7 Décembre 2020 à 22h16

Non-conventional requirements engineering techniques are evoked:

Use cases describe the interaction between the system and external users that leads to achieving particular goals.

Design Science 3, 4 & 5 - Example of homework - Setting requirements and design of a bench 23 m 17 s

Créé le 29 Novembre 2020 à 22h25

70 vues

Design Science - 1 - Introduction to design science and engineering design 38 m 2 s

Créé le 24 Novembre 2020 à 22h20

This session introduces the activity of designing from a historical perspective, the vocabulary and stakes of design, the design

Design Science - 0 - Welcoming and course layout 29 m 20 s

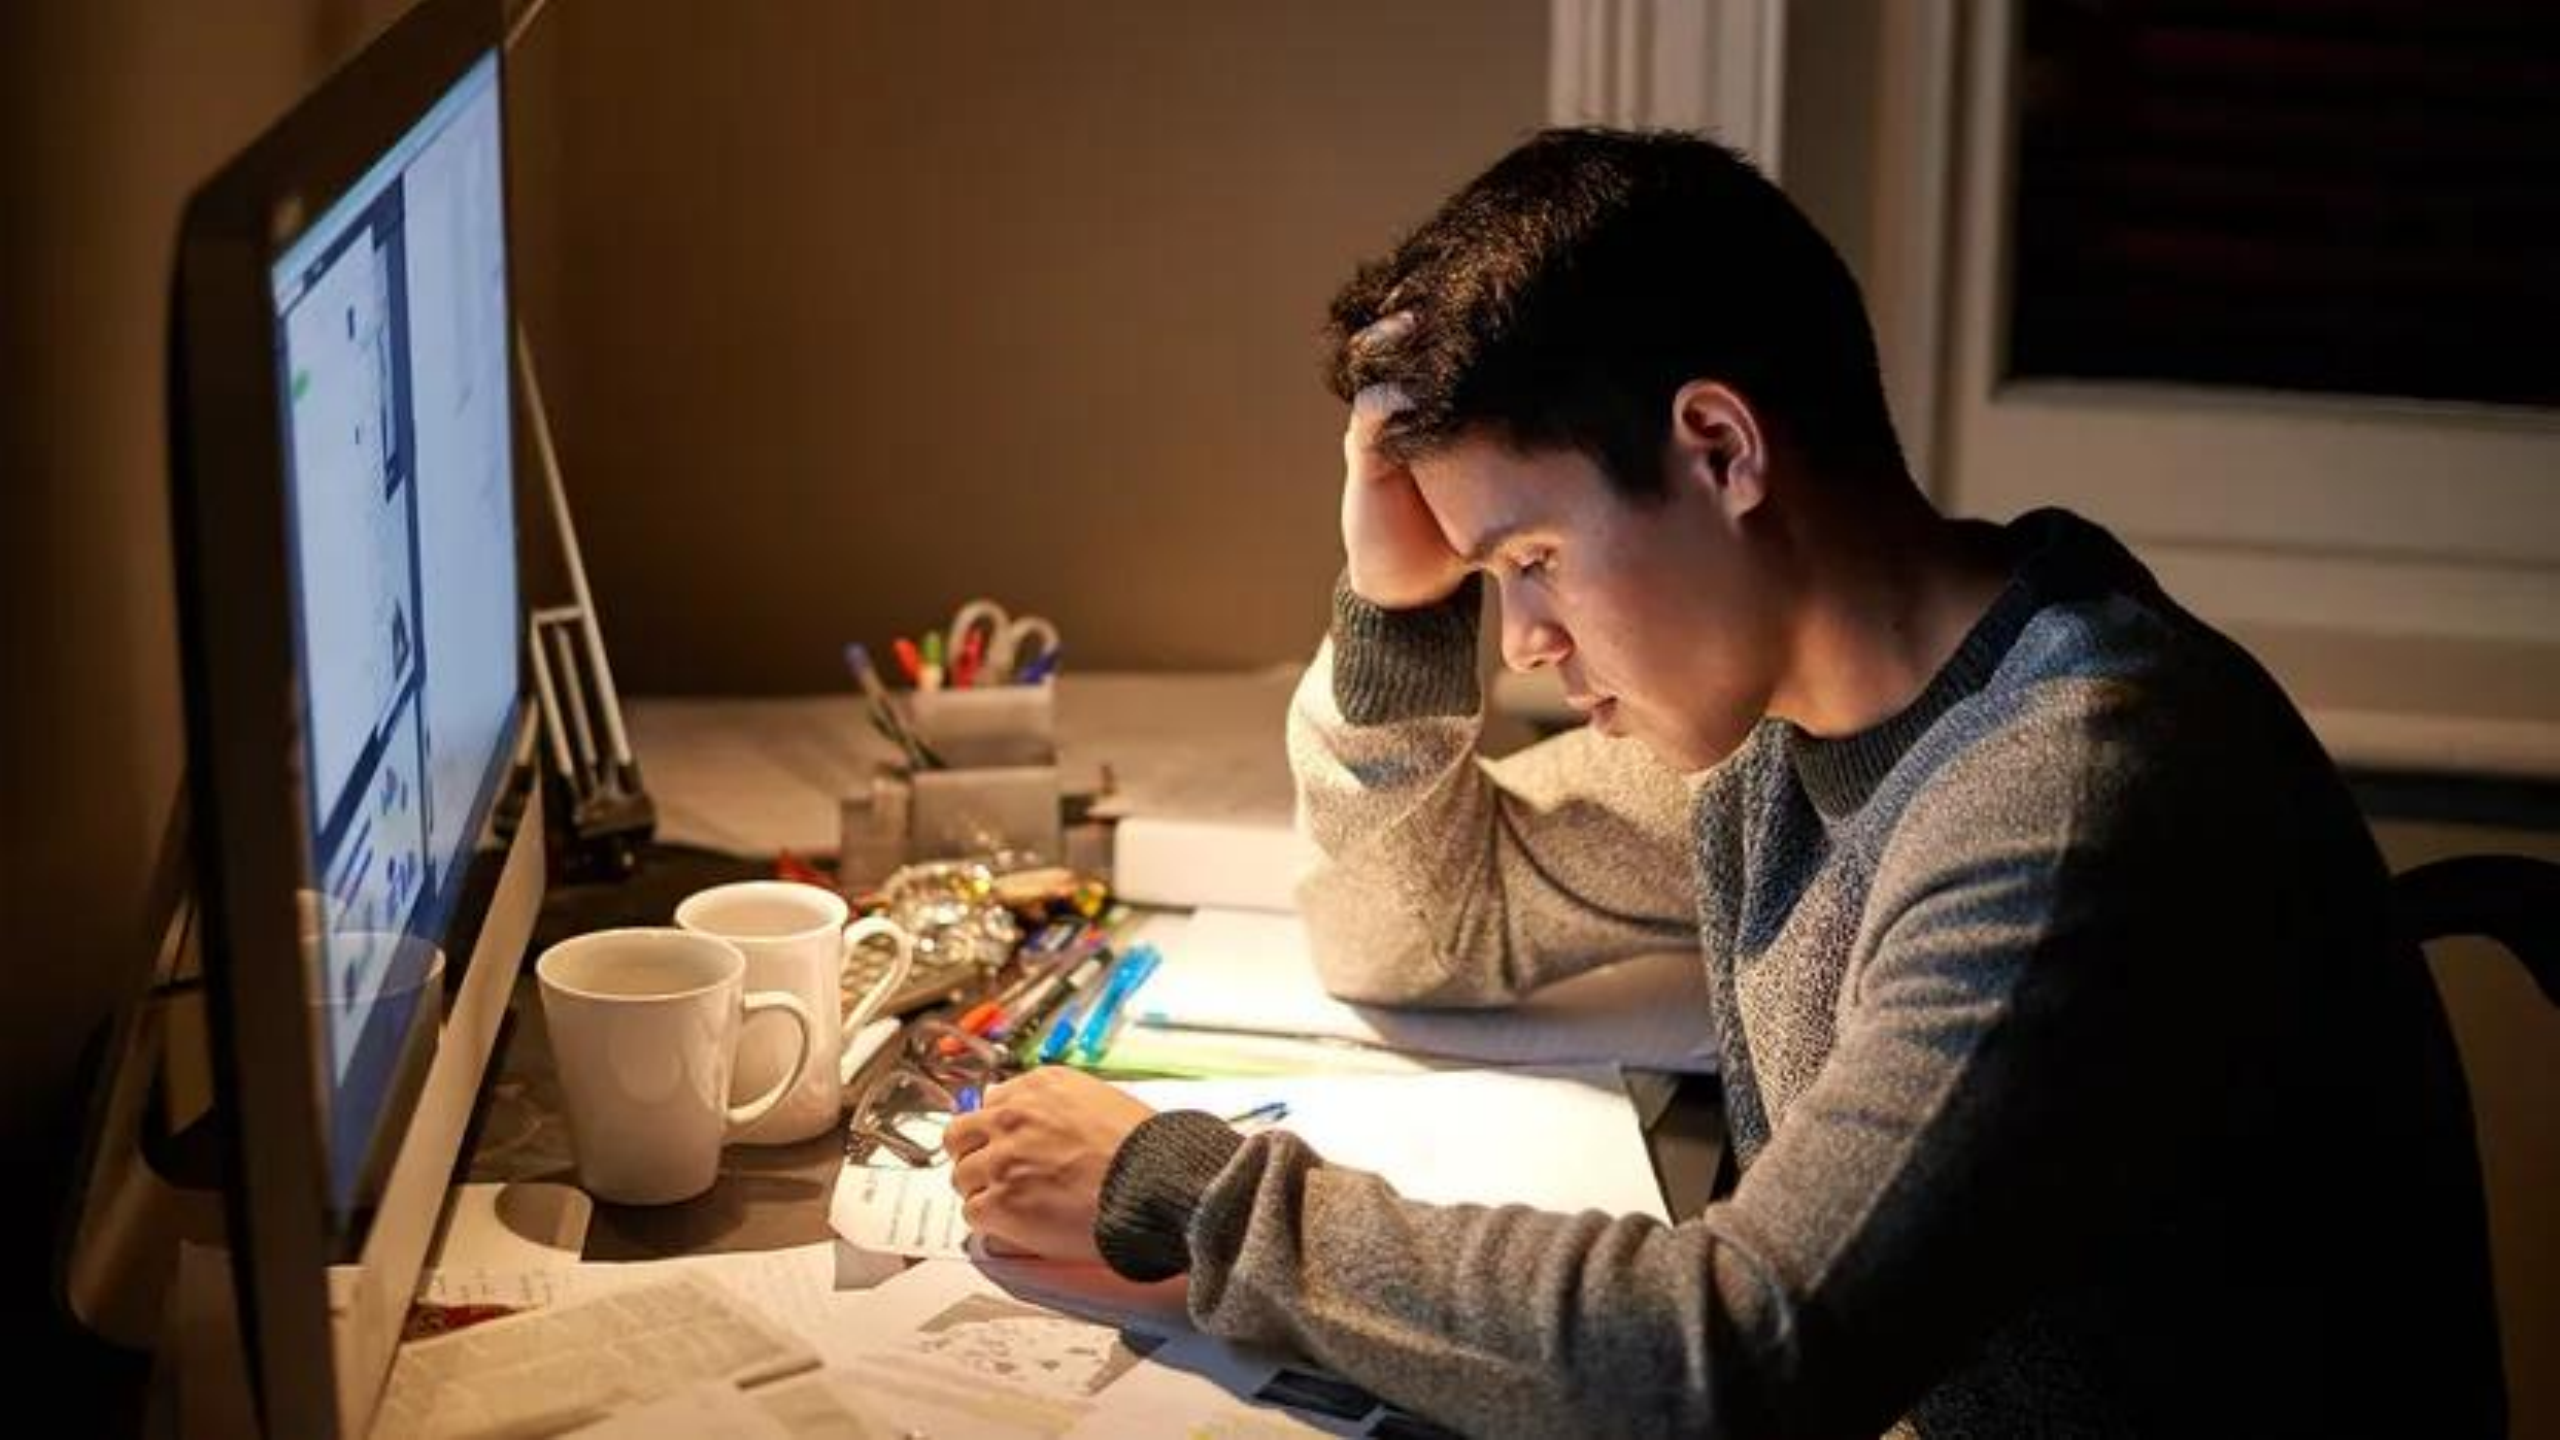

Créé le 21 Novembre 2020 à 10h25

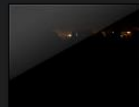

This course allows to understand the major concepts of Design Science and Engineering, and to practically experiment the design of products,

Défis et enjeux de la cybersécurité

Université Bretagne Sud (UBS)

160001

Termine le 25 mai 2023

Programmer l'internet des objets

Institut Mines-Télécom (IMT)

04038

Termine le 27 mai 2023

Formez-vous en criminalistique avec la CY Forensic School

CY Cergy Paris Université

156012

Termine le 29 mai 2023

Merci !
